

District Attendance Award

At the January 1989 meeting of the Association an award was approved to be based on supervisor attendance at meetings. A point system was adopted for use in rating the districts to select one winning district each calendar year. A permanent plaque was purchased to be held by the winning district until the next yearly winner is selected. The Wicomico District was the first District to receive this award. Districts must submit their points earned in each of the following categories to the MASCD Office by May 1st for the previous calendar year.
